EPSRC CDT in Aerosol Science- Academic team, Associate academics and collaborators

Process to join the academic team

Applications to join the Aerosol Science CDT academic team will be submitted via electronic survey for consideration by the CDT Management Board (MB). The MB will consider the application, taking into account the eligibility criteria in the table below.

In the case of an academic not meeting one or more of the eligibility criteria, the Management Board may either choose to inform the individual that their application has been unsuccessful or may admit the academic to be part of the CDT team with the status of Associate Academic or Academic Collaborator.

CDT Academic and Associate Academic roles

A summary of the differences between these roles is below:
